25X1A9a [REDACTED] reported to duty in I/PE and will handle turbines and electrical equipment.

Reading requirements on electrical equipment were submitted to OMR Reading Panel.

A schedule for submission of guide requirements has been drawn up jointly with I/MS.

4. Scheduled Research

FY 57

25X1A9a Project No. 32.620, "Statistical Analysis of Production of Motor Vehicles in the USSR". St/FM has completed its review of the paper. [REDACTED] St/FM will iron out differences next week. Hodges and I both agree that the first ten pages should be drastically condensed, and that several parts of the remainder which are somewhat turgid should be rewritten.

25X1A9a

Project No. 32.883, "Soviet Locomotive Industry". [REDACTED] has again made certain revisions including updating of the information. Latest revision awaiting review by branch chief.

FY 58

25X1A9a

Project No. 34.1558, "Production of Chemical Equipment in the USSR". [REDACTED] will complete revisions by 15 August.

Project No. 34.1931, "Production of Chemical Equipment in Czechoslovakia". [REDACTED] will complete revisions by 15 August.

25X1X6

- Sanitized - Approved For Release : CIA-RDP62S00231A000100100061-6.

SUBJECT: Monthly Report for July 1958, Producers Equipment Branch.

Project No. 20.1783, "Soviet Atomic Energy Program".  
25X1A9a [REDACTED] spent full time on this project  
during July. Report will be submitted to D/M on 4 August.  
Expected report from [REDACTED] has not been submitted  
necessitating I/PI exploitation of Soviet open sources.

PY 59

25X1A5a1

Project No. 32.2363, "Soviet Personalities Involved in Atomic  
Energy Compressor Work". [REDACTED] has assembled an  
impressive file of personalities. Biographic runs on the  
most important Soviet designers in this field have so far  
produced no positive results in linking them with the AE  
program.

Project No. 32.2120, "Recent Developments in the Trade of  
Motor Vehicles and Tractors". Project nearing completion.  
Recently received Soviet statistical handbook on foreign  
trade is being compared with data already compiled by  
[REDACTED] Due date of 29 August 1958 will probably be  
met.

25X1A9a

Project No. 32.2119, "Recent Developments in the Automotive  
Industry of the USSR". [REDACTED] is making good progress  
on this one.
